## Free Money

If you want lots of cash (more than enough to last the whole game) go to the hub. Go downtown and into the Crimson Caravanners on the day that they leave (3rd of every month). Tell Keri you want a job. When she asks for the location that you wish to go to, tell her, "never mind, I just remembered something I have to do." Go back to the entrance of the Hub. You will see two men wearing red shirts. Point to both of them. If it says "you see: caravan leader" then talk to him. He will give you \$600! Now, go back and talk to Keri, and repeat the process all over again. You will receive \$600 every time you talk to the caravan leader. It might take a while to get tons-o-cash, but it will be worth it.

Say you want "something special" for 800 caps he will introduce you to Vance..the Arms Dealer.. go spend your winnings on some real fire power and some combat armour. dont forget to buy a good gun and some ammo for Ian sell it to him for almost nothing and then tell him to "use his best weapon" or he will carry on with just his knife

After you have killed the gang got to the back room in that building and release the guy in there. He asks you to tell Talus He is ok. Talus is at the brotherhood of steel. He will give you a list of weapons and power armor. Tell him you want the power armor. Then you have to go and see Micheal. Micheal gives you the power armor.
